Python Developer with hands-on experience in developing ERP and Hospital Management Systems using Python, Django, Django REST Framework, Angular, and MySQL. Passionate about building scalable web applications, learning new technologies, and contributing to organizational success.

WORK EXPERIENCE

PERAMSONS SOFTWARE DEVELOPMENT PRIVATE LIMITED | OCT 2025 - MAY 2026

Jr. Software Developer

I worked at **Peramsons Software Development**, a growing startup company gradually expanding its client base and product offerings. During my time here, I contributed my development skills.

Key Highlights:

- Served as a developer for **RVMERP**, an Enterprise Resource Planning (ERP) system developed for *RVM Charitable Trust Hospital & RVM Institute of Medical Sciences*.
- Contributed to the development of **HMS** (Hospital Management System) and the website for *Peramsons Software Development Private Limited*.
- Developed and maintained scalable, high-performance web applications using **Python, Django, Django REST Framework (DRF)**, and **Angular**.
- Collaborated with cross-functional teams to develop other web applications.

RAMANASOFT | JULY 2025 - SEPT 2025

Python Developer (Team Lead)

I started as a **Python Intern** and then **Team Lead** at **RamanaSoft**, a consulting company focused on helping students enhance their technical skills and gain practical project experience. Contributed both technical expertise and leadership skills by mentoring students and guiding project development.

Key Highlights:

- Started as a **Python Intern** and was **promoted to Team Lead** based on performance and contributions.
 - Served as a **Team Lead**, mentoring students and providing technical guidance on software development concepts and project implementation.
 - Coordinated with team members to ensure timely project completion and foster a collaborative learning environment.
-

PROJECTS

RVMERP | JAN 2026 - MAY 2026

ERP: Digital Consultation & Ward Management

- Built a full-fledged ERP system for hospitals and medical institutions using the Django framework.
- Built modules like Asset management, Dialysis, and Rehabilitation services.
- Employed MySQL for reliable and structured relational data handling.
- Collaborated with a team of 3–6 developers throughout the project lifecycle, using Git for version control and code collaboration.

Peramsons | JAN 2026 - JAN 2026

Website Developer

- Designed and developed the company's official website to facilitate collaboration with clients and provide opportunities for job seekers.
- Built and implemented the website using the Django framework, ensuring scalability and maintainability.
- Developed user-friendly features and optimized the platform to enhance user experience and engagement.

Pulse Engine | OCT 2025 - DEC 2025

Hospital Management System

- Developed a full-fledged Enterprise Resource Planning (ERP) system for hospitals and medical institutions using Django, Django REST Framework (DRF), REST APIs, and Angular.
- Utilized PostgreSQL for reliable, scalable, and structured relational data management.
- Designed and implemented key modules, including Employee Management and Unit Management, to streamline organizational operations and improve efficiency.
- Collaborated with a team of 3–6 developers throughout the project lifecycle, using Git for version control and code collaboration.

EDUCATION

Bachelor of Technology | 2018 - 2022

Mechanical Engineering

Karunya Institute of Technology and Sciences (Deemed University), Coimbatore.

Intermediate | 2016 - 2018

Sri chaitanya junior college, Vijayawada.

Tenth | 2015 - 2016

Sri chaitanya techno school, Vijayawada.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript
- **Frameworks & Libraries:** Django, Django REST Framework (DRF), Angular, jQuery, HTMX
- **Web Technologies:** HTML5, CSS3, Bootstrap, Tailwind CSS, REST APIs
- **Databases:** MySQL
- **Version Control & Tools:** Git, Visual Studio Code, Eclipse IDE
- **Operating Systems:** Windows, Pop!_OS (Linux)
- **CAD & Design Software:** AutoCAD, SolidWorks, CATIA V5
